Dear Harold,

Advance printing - 55,000 - "for Bishop - termed "very large". Enclosure from N.Y.T. of 9/16.

In my opinion your material could be handled in a "jazzed up" narrative approach along the lines of Heritage in form only.

You possess great material and it would appear that this could be "incorporated" into a popular "Bait Jacket" with very wide appeal not limited to The A. issue.

Simply for one example of this method.

Title: America: Terminated With Extreme Prejudice

Structure

Coming of Secret State Foreign Involvement Seen As Preperation For Coup d'Etat

Domestic Espionage - Naval, Foundations - Fronts, Agent Operated, Kaplan - Fund etc.

Coup d'Etat of Nov. 22 - An American Counter Revolution - P.M. I, II

Vietnam - CIA Involvement and Secrecy

Other Assassinations With Marasco emphasis

A Lost Country?

Of course, this is simplistic but the approach is obvious.

Your investigative genius deserves the widest circulation and commercial success.

Best Wishes,
